Dear Friends,

Thank you to all of you who attended the town hall that Rep. Burgess and I hosted on Monday. I appreciate so many of you taking time out of your busy schedules to discuss current health issues with me.

The questions that you asked, particularly about Medicare physician reimbursement issues, were very informative. It is helpful to hear directly from you about your frustrations and concerns regarding the flawed Medicare reimbursement formula. As Rep. Burgess mentioned during the town hall, there are several possible ways to address fixing the flawed formula. I look forward to working with all of you, and with Rep. Burgess, to find a long term solution to the flawed SGR formula.

I realize that because of time constraints, there were probably some of you who did not have a chance to get your questions answered during the town hall. If you have any additional questions that you would like me to answer, please [click here](#) to submit a question. Also, if you were unable to attend the town hall, please feel free to submit a question. I will send out another "Congressional Health Update" with answers to any questions from you that I receive.

Some of you who attended the town hall, may not be subscribed to receive my "Congressional Health Updates." These updates are newsletters that I send out to keep doctors and other health care professionals updated on health issues that I have been working on. I hope that those of you who have been receiving these updates have found them to be informative. If you have not been receiving my "Congressional Health Updates," and would like to subscribe to receive them please [click here](#).

Again, thank you to everyone who attended the town hall. It was great to see so many of you, and have the opportunity to talk with you.

Sincerely,

A handwritten signature in black ink that reads "Kay Granger". The signature is stylized with a cursive script.

Kay Granger

P.S. Below are a couple of pictures from the town hall.
